INTEROFFICE MEMO

DATE: October 15, 1942

FROM: Major Lowman

TO: Mr. Bowden

SUBJECT: Yes  
K.

I have informed Mr. Sellar, in charge of the Bellmore plant, that Jules Van Item and Alexander Barmine are to be assigned down here. I would appreciate knowing from you just when this is to take place, if possible before I go up Sunday night.

I also told Mr. Sellar that this was subject to security check and he says he is convinced that MIS gave an O.K. on both of these men. He states that a Miss Angell or a Miss Edmonds at MIS gave the clearance.

Following our conversation, I decided it would be best to hold Mr. Maher until we get a clear understanding on monitoring.
